

ST. ANNE SUMMER SCHOOL 2018

presents...

“Under the Sea”

Dear Parents:

St. Anne School is offering a summer program for students entering kindergarten through sixth grade. This year's five-week program will begin June 11 and end July 13. The summer school instructional day will run from 8:30 a.m. – 1:00 p.m. In an attempt to meet the various needs of families, we are offering an afternoon program following the 1:00 p.m. dismissal time. The full-day program will operate from 8:00 a.m. – 6:00 p.m. Our schoolyard will be open and supervised beginning at 8:00 a.m. each morning. Since there is no supervision prior to 8:00 a.m. and for the students' safety, I would like to ask that no student be dropped off before that time. If your child is ill or will be late, please be sure to call the school office by 9:00 a.m. at 664-7977. The morning bell will ring at 8:30 a.m. Students will line up at that time. For students signed up for the morning program only, their day will conclude at 1:00 p.m. Parents of students leaving at 1:00 p.m. are asked to please be sure to pick up your child(ren) promptly at 1:00 p.m. Students involved in the full-day program will go out to the yard at 1:00 p.m. and eat lunch. Following lunch, students will continue on with our afternoon activities. Our full-day students' day will end promptly at 6:00 p.m. Parents should enter through the school's main front doors on 14th Ave. to pick up children. As is the case with our extended care program during the regular school year, a late fee of \$2.00 per minute per child will apply for parents arriving after 6:00 p.m.

The academic program will review and emphasize basic skill development in language arts, math, and science. This summer program is intended to enrich as well as support skills students have been or will be working on in school. A variety of activities and approaches to learning will be used to keep the learning exciting.

Our theme this summer is *“Under the Sea.”* The students will be studying the many amazing life living under the sea. Many of the classroom activities, readings, and projects will involve stories, information, and facts about those areas of interest. The students will be taking a few local field trips to expand each child's experiences. The specific dates of the field trips will be noted on the summer calendar that will be handed out the first day of summer school. We will not be sending any follow-up communications to parents once we have received your application and fee. On the first day of summer school, students will gather in the yard and when the bell rings at 8:30, they will line up in an assigned area for their grade level.

Please fill out the attached summer school application and return it along with the summer school fee to the school office by May 31, 2018 at the latest. It has been our experience that classes do fill up very quickly so it is recommended that in order to ensure a space in the program, you should return this application **as soon as possible**.

If you have any questions, please give me a call at (415) 664-7977.

Sincerely,

Thomas C. White
Principal
