

BOY SCOUTS OF AMERICA®

Boy Scout Troop 15, sponsored by St. Anne's Church, is one of the oldest troops in San Francisco. Boys of all religious backgrounds are welcomed. Troop 15 seeks to develop the mental, physical, and leadership potential of its boys and young men. The scouting program has three specific goals: character development, citizenship training and personal fitness. Additionally, we want to see youth leaders leading younger scouts. Developing leadership skills are "life skills" that go beyond a youth's scouting life. Troop 15 provides a comprehensive program that allows a scout to "practice what they learn" in the outdoors.

In 2013, 8 scouts and leaders completed the John Muir Trail in 19 days hiking 221 miles from Yosemite to Mt. Whitney.
